

Электронный фонд архивных документов в области истории и культуры Пермского края

Автоматическое формирование
07.09.2014 г.

This paper presents a series of projects dedicated to creating information systems based on provincial periodicals collections in Perm. Research results have been gathered. Special emphasis is placed on the preservation, study and visualization of Perm newspapers (1914–1919) as a source for the history of World War I.
