Under the
Å-Medievalia (Electronic Resources for Distance Learning in Medieval Studies)
project scheme funded by the European Union, an e-learning system has been
designed (http://e-medievalia.uni-sofia.bg) to support the study various topics
such as Byzantine Middle Greek, Old Bulgarian, the history of Bulgarian, Old Bulgarian
literature, theology, Bulgarian history and culture during the Middle Ages,
philosophy of the Latin and Byzantine Middle Ages, text linguistics and the language
of medieval manuscripts. The system also supports a practicum in computational
and corpus-based medieval studies and contains a virtual library.
